I am Cal Levora and I need a lawyer of individual status my lawyer is holding me in jail against my will and will not even get me a PR bond

I have almost been murdered by a state trooper and his son and ~~an~~ a few other people at the same time and chased into the woods where I have found a shallow grave I am lucky to be alive my lawyer as soon as I told him called me a Retard first word out of his mouth.

I also need somebody to call the FBI Because I have tried all of my recourses and the Homicide Unit and or detectives will not come and see me for reasons unknown Besides I think they are working with the state police officer which is a detective of his own accord I do not know who is going to try to kill me next or where they are going to come from.

I noticed a Blue Honda station wagon that was following me in Bangor sitting in front of the jail with somebody in it when ~~Dr~~ Poma 3 went to ~~check~~ the first time. No car the second time and then the third time there was a gray Advenger I can't remember the dates But I know it was late November and it still sit around Court House in the same spot so The person in it can see through the fence where the Court House and The VanBuren County Jail MI, 49079 have the courtyard to see who walks through The gray Advenger sit there with it marker periods and or Hazard lights on
